Frequently Asked Questions

I am having problems logging in to the LUPA App

If you are having trouble logging in to the application, first make sure you are registered. Then you can follow these steps: Close and reopen the application, Check your internet connection, Make sure the application is up to date, Clear the cache of the application, Clear data, Restart the device.

App does not make accurate lesson suggestions

Our course recommendation system is designed to recommend the most suitable courses to users using artificial intelligence and machine learning technologies. However, like any AI system, this system is still under development and is constantly learning. Therefore, it may not always provide perfect results.

Will there be a language option in the app?

Currently, we only have English language option, but we plan to increase the language options in the future.

If the answers above did not help you, please let us know your problem by pressing the button on the side.
